Final international project steering committee in Moscow

The 4th International Steering Committee of the Erasmus + LPEB project was held in Moscow from 19 to 21 September 2018 in the presence of the project partners from the 3 beneficiary countries Azerbaijan, Russia, China, as well as the European universities.

On this occasion, all the results of the project were presented and the last activities scheduled before the end of the project on October 14, 2018.

To date, the vast majority of the general and specific objectives of the project have been achieved and the students have been able to start the new courses created.

Talks are in progress between the European universities and the beneficiary universities for the establishment of Double Degrees, cooperation agreements have been signed between the Fachhochschule Leipzig (DE) and the Russian universities.

The LPEB project has allowed universities with general energy and building curricula to specialize in meeting the needs of businesses and to acquire new skills. The courses are accessible in Open and Distance Learning.

The results of the project are published on the website:

<http://lpeb-erasmus.eu/>

The partners expressed their willingness to continue cooperation in other future projects.
